One stop Destination FOR ALL YOUR LOGISTICS NEED!

Established in 2007, Al Nowras Logistics Solutions holds a rich experience of 15 years and is one of the leading and prominent logistics company in Oman, UAE and other GCC countries, serving across the Globe. Al Nowras is a tech logistics company specializing in Custom clearance and shipping goods through Road, Air or Sea freight option. A renowned TIR registered Freight Forwarder and ELITE, FIATA, NAFL and ISO certificated.

WHO WE ARE?

With more than 200 owned trucks and variety of fleet suiting everybody's requirement, Al Nowras is now one of the best Road Logistics company in Sultanate of Oman and UAE. Fleet that includes forklift, cranes, trucks, etc. in various forms such as flatbed, lowbed, long deck, triple axle, air suspension, etc. capable of transportation of bulky goods.

At Al Nowras, we handle all types of Cargos including General, Dangerous Goods, Perishables and Temperature Controlled, making us one of the most reliance and sort after logistics company in Oman and other GCC countries.

Currently, Al Nowras is the only company having office at all entry and exit points whether seaport or airport around Sultanate of Oman, which makes us the most reliable, consistent and affordable trade forwarder & logistics partner.

WHAT WE HAVE?

We specialize on inland logistics services such as full-scale land transportation services, cargo movements, trucking services, customs clearance and documentation, project logistics, warehousing, stuffing / unstuffing of containers, heavy lifting and third-party logistics provision.

We offer a high-end service delivery with outstanding facilities such as Professional drivers, Operations coordinator, GPS fleet management system, and Transportation management system for customers in different fields. Our prospective clients are provided with full services in Oman, UAE, KSA, Kuwait, Bahrain, Oman, Jordan, Egypt, Iraq and Lebanon.

OUR VISION

Our vision at Al Nowras is to be the most sought logistics partner who leads in the constant provision of the best in class service to clients as we blend technology with operations in logistics to secure safe and fast transportation solutions and provide all logistics solution under one roof.

OUR MISSION

We have a purpose which is geared towards offering our esteem clients the safest and most reliable logistics services with a hassle-free and cost-effective one-stop logistics solution that is sure of creating a sustainable partnership.

AL NOWRAS was founded in the year 2007 with the aim of reinventing and rebuilding the logistics ecosystem on foundations of technology while ensuring deliveries are made on time without complaints. We have been offering dependable, stable, and solid committed services to our clients from last 15 years. We pay attentiveness to details and pride our selves as a flexible and innovative logistics firm with a seamless and powerful platform which assist enhancing consistency, efficiency, transparency & reliability in transportation services given to our customers.

We believe that leveraging Al Nowras's products & solutions are capable of making our partners witness a testament to the next gen revolution in the logistics industry. We always try to offer our customers the best experience as we understand that logistics is a business of service. Therefore, we make it a priority to serve them with love and passion and ensure that we attain success together. Our non asset-based road network provides customers with flexibility, improved service levels, real-time updates, optimized direct and indirect costs, accelerate delivery, enhance simplicity, leading to a 100% satisfied clientele.

FULL-SCALE LAND TRANSPORTATION SERVICES!

OUR SERVICES

We specialize in complete land transportation, which positions us at an edge as we command our fleet & vessels anywhere to provide highly competitive rates and deliver on our commitments efficiently and effectively.

Our inland full-scale transportation is focused on offering outstanding services which are designed and tailored towards giving an excellent shipment of inventory according to our clients' business requirements.

1 ROAD FREIGHT

Al Nowras road freight company in Oman provides an array of services for businesses of all sizes and industries. In addition to providing transportation to interior locations in Oman, the company provides high-end warehousing services and integrated logistic support.

We provide various services that include custom clearance and shipping goods between GCC countries. The company's own fleet of 200 includes forklifts, trailers, reefer trucks, flatbeds, and trucks for different purposes. Whether you need a flatbed, low-deck, long deck, triple axle, air suspension or any other truck, Al Nowras road transport Company can provide the services you need in Oman, UAE and other GCC countries.

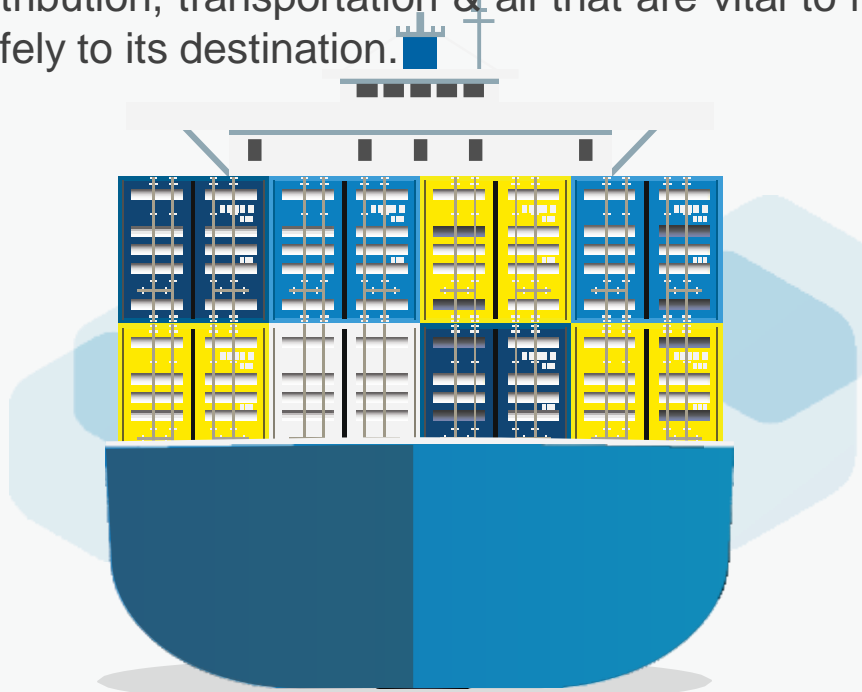

We offer special bonded road transportation service within GCC countries, which helps in easy transit and saves client's money.

Al Nowras USPs:

Quality Assurance, Tailor-made Transport Solution, 24 by 7 Customer Support, Live GPS Tracking, TIR Authorized, Best Rates Guaranteed in Middle East countries.

With more than 2 decades of experience, Al Nowras has now established itself as one of the leading logistics firm offering Sea Freight services in Oman and all across the globe. We design and deliver efficient logistics solutions to cater to our customers from various industries. Our services cover a very broad spectrum including international freight forwarding by Sea along with customs clearances.

We manage movement of all types of cargos & all other related services. Our services also include managing documentation, packaging & repackaging, warehousing, distribution, transportation & all that are vital to make your cargo move faster & safely to its destination.

Sea Freight is a cost-efficient way to transport high quantities over large distances. There are a number of ways in which sea freight can be transported.

- FCL or Full container load, which you purchase one or more full containers to send on a ship.
- LCL or Less than container load, where your products share a container as you may not have a full container's worth. Once they reach their destination, the container's contents are divided once more.
- RORO or Roll on roll off, where your products do not leave the vehicle they are in to go onto the cargo ship. The vehicle simply drives onto the ship, and then drives off the other end.
- Dry bulk shipping, used for some specific items, which are deposited into the hold of the ship instead of travelling in a container.

3 AIR FREIGHT

08

Air Freight service is ideal for time sensitive consignments and at Al Nowras, we understand and value the same. Today, we have a wide freight network and offer air freight services working with leading airline carriers and consolidators.

We can arrange the prompt export or import of your shipments, offering Door to Airport and Door to Door solutions. From a single package to multi-pallet consignments, we offer integrated, customized and cost-effective air freight in Oman and all other parts of the World. Today with more than a decade of experience we are committed to provide superior services to the International Trading Community.

Whether it's on our own aircraft or the next flight out, you can be rest assured that your freight will always fly the most efficient way possible.

4 CUSTOM CLEARANCE

09

Custom Clearance becomes the most important service when you want to Import or Export goods in a country. There are procedures to follow as per the state law. This procedure is also called Import and Export Custom Clearance in GCC.

In contrast, this whole process requires the preparation and submission of necessary documents & permits. Therefore, you certainly need a professional agency to fulfil the requirements. In the Sultanate of Oman Al Nowras is one of the largest clearing and shipping companies. For entry & exit in the Sultanate of Oman and the United Arab Emirates, we provide customs clearance & transportation services. We have the necessary expertise and experience in clearance & shipping.

We represent the client during an inspection, assessment, payment of duty and delivery, as a result whole process become easy for our clients. Furthermore, our highly experienced professional team coordinate with worldwide agents and find a “logical” solution to all your requirements. This makes us best in Import and Export Custom Clearance.

With office at all entry and exit points to the Sultanate of Onam, we stand tall as one of the largest clearing and shipping companies in Oman serving across the globe.

We are one of the most reputable company used for clearing shipments in Sultan Qaboos Port ,on land border crossings & seaports in Oman and UAE. We have specialized & experienced staff, who are available 24 hours a day at almost every entry & exit points of the Sultanate of Oman & the Emirates - Jebel Ali Port, the Hatta Border, Al-Wajajah Border, Wadi Al-Jizzi Border, Hafeet Border, Khatmat Millaha Border, Sohar Port, Muscat International Airport, Sultan Qaboos Port, Duqm Port & Salalah Port.

5 WAREHOUSING

10

Al Nowras warehouse in Oman and UAE provides commercial, personal and shipping container storage services. The warehousing facility is equipped with automated racking systems. Its services include order fulfilment, packaging, palletizing, and vehicle pre-delivery inspection.

We offer fully integrated systems, staff, local transportation, MHE and more. It has become common practice utilising storage and space without the pressures of the cost and set-ups. We allow our clients to gain easy access to process orders and distribute products quickly and cost effectively through the channels that we offer for peace of mind, having access to well-maintained vehicles with multipurpose utility.

All aspects of warehousing activities are provided including inventory management, worldwide packing and moving of personal effects, WMS, stock control, climate control, security, re-packs, order processing and container stuffing services.

6 BREAK BULK+HEAVY LIFTING CARGO

Al Nowras specialize in transportation of bulky goods. We work closely with companies & partners to deal with heavy & large cargo shipments. As Al Nowras has implemented most projects in the Sultanate of Oman, it has gained extensive experience in dealing with heavy & large cargos.

Our fleet is equipped to handle heavy equipments & we hold a network of partners to deal with loads weighing more than 50 tons & other bulk cargo. To carry out heavy loads, the company conducts a survey of the tracks to identify the obstacles & dangers to obtain the necessary permits from the competent authorities.

BREAK BULK

- Our experts deliver tailor-made solutions ensuring a safe and secure handling of the cargo
- Our team is focused on loss and claim prevention, enabling a safe and smooth delivery
- On board vessels, your cargo will be stowed on a pre-prepared bed containing multiple flat racks, thus providing a safe working environment for stevedores and ensuring maximum lashing opportunities in accordance with IMO CSS Code Annex 13 requirements.

When shipping oversized cargo with ALNOWRAS , our customers benefit from a wide range of service features, including:

- Load, lash and secure the cargo at your origin port or nearby depot.
- Customs clearance and documentation.
- Inland collection and deliveries using variety of equipment.
- Arrangement of police/inland transport notifications if required.
- Port storage facilities.
- Competitive rates.

TRACKING & SOLUTIONS!

We at AL NOWRAS prioritize the safety of our clients' goods and therefore provide not only an integrated security monitoring system in our facilities but also a robust GPS Tracking system that is installed throughout our fleet of vehicles. We attach an advanced GPS Tracking system to all our fleets to ensure our operations are excellently carried out with tracking capabilities and tools to respond to unexpected situations quickly and provide crucial support needed by the delivery team.

Our GPS Tracking system also collects vital data during operations that go into the monitoring and management of all the critical aspects of the transportation process, such as fleet maintenance, dispatch management, and on-the-field security alerts. We offer a live tracker device solution that is capable of performing functions such as Identify unauthorized use of vehicle, sudden changes in performance, maintenance issues, over-speeding, excessive idling, remote ignition relay, and live tracking access.

WHY CHOOSE US?
